## 表单是什么

- ◆ 表单用来收集信息，比如注册、登录、发送评论反馈、购买商品等等

The image shows a registration form with the following elements:

- Two tabs at the top: "免费邮箱" (Free Email) and "VIP邮箱" (VIP Email) with a "优惠" (Discount) tag.
- An email input field containing "1841125427" and a dropdown menu showing "@163.com".
- A password input field with a strength indicator.
- A phone number input field labeled "手机号码".
- A checkbox labeled "同意《服务条款》、《隐私政策》和《儿童隐私政策》" (I agree to the Terms of Service, Privacy Policy, and Children's Privacy Policy).
- A blue button labeled "立即注册" (Register Now).

# 表单的创建

- ◆ 所有HTML表单都以一个<form>元素开始

action属性表示表单要提交到的后台程序的网址

method属性表示表单提交的方式，有get或post

```
<form action="save.php" method="post">
</form>
```

谢谢！
